Thank you for choosing LSI for your laminate casework needs.

LSI is a leading manufacturer of plastic laminate casework and has produced quality storage systems for over four decades. We make durable casework systems intended for the customer with many users and extended hours of use such as education, healthcare, laboratory, and government facilities.

Our product line includes fixed, mobile, and relocatable casework, surrounds and profiles, and a variety of countertop styles and materials. We offer a complete line of cabinet styles, purpose-built to meet the particular needs of each application, whether it be classroom, laboratory, or healthcare. The good looks of LSI casework will complement your decor, providing both functionality and style. LSI also provides a complete package of accessory items including fixtures and fume hoods.

LSI has delivered over 23,000 projects throughout the United States and internationally. No project is too small or too large for our experienced professional team and state-of-the-art fabrication facility.

This catalog is designed to be easy to use and will become a valuable resource for your team. An electronic version is available on our website at: www.lsi-casework.com under Resources : Catalogs & Literature. Current LSI specifications for standard styles are also available on our website under Resources : Specifications.

For additional information and assistance, please contact your LSI Casework Dealer, as listed on our website, or send us an email to info@lsi-casework.com.
