

No project is complete without the finishing touches chosen from our complete line of accessories. LSI offers fume hoods for various functions including typical air foil, demonstration, double-sided and ADA hoods. Safety centers, sanitizing cabinets, acid and flammable storage cabinets and eye wash stations fulfill critical safety requirements. Worktops are available in chemical resistant laminate or epoxy resin. Epoxy coated and lab-grade fixtures accommodate water, gas, air and vacuum utilities—the most often-specified Services are here...
